### Rabbit Control – after July 19 until end August

#### Reminder

Rabbit Control gets underway after Friday this week, weather dependent, for six weeks, at Cromwell Cemetery, Clyde Cemetery and Half Mile Recreation Reserve and the block the corner block on the corner of the Clyde – Alexandra Road and Mutton Town Road.

Council, under the Otago Regional Council Pest Plan like all landowners, is required to keep rabbits under control on its land. These particular areas have seen an increase in rabbit activity with graves in the cemeteries being used for burrows. With the commencement of native plantings on the Half Mile reserve by the Haehaeata Trust, keeping the increasing rabbit numbers down in this area will give the new plantings the best chance to flourish.

Signage will be erected to advise of the operation and the public are urged not to take their dogs to any of these areas while the operation is underway,

Where possible rabbit carcasses will be regularly collected.
