Let's Talk

## NOTICEBOARD | CENTRAL OTAGO DISTRICT COUNCIL

17 October 2024

### Kamaka Walkway pine tree removal

Tree removal work will be taking place in the Kamaka Walkway in Alexandra from the end of October until early November.

The purpose of this project is to mitigate safety concerns due to the risk posed by older and failing pine trees, environmental issues such as an unwanted wilding pine seed source, along with excessive shading, and also because it was more financially cost effective to deal with these issues sooner rather than later.

Feedback from local interest groups and residents has indicated that people are keen to protect the native plantings that have been established and have identified a safety issue because of the ageing pines.

The Council acknowledges the work carried out by the Keep Alexandra Clyde Beautiful group on the walkway and would be taking care not to cause any undue damage to established areas.

This decision has been through the 2024-25 Annual Plan consultation process which was approved by the Vincent Community Board.

The mulch will be left and spread on site which will eventually provide good replanting conditions for more desirable species in the future.

People in the immediate vicinity of the walkway have been informed.

The walkway will be closed during this period.

### Repair and Care

Central Otago District Council Waste Minimisation is teaming up with Central Otago REAP to promote repair as a way to reduce the waste we produce and overall costs for all.

CO REAP is looking for anyone handy to volunteer a couple of hours to share their skills at a Repair Café on Saturday 2 November, 10am-2pm at Alexandra Community House.

REAP need a wide range of skills to help members of the public fix their items, so if you are a keen sewer or darner, are an electrician, are handy at sharpening knives or anything in between, please get in touch to share your skills and empower others to repair things so that they last longer.

Look out for more information coming soon about the event and how you can learn more repair skills.

You can also email: [emma@coreap.org.nz](mailto:emma@coreap.org.nz) mob 021 916 312.
