Vacancies

Pool Crew – Seasonal Positions

Join our team at Ranfurly Pool for the November 2024 – April 2025 season! We are hiring full-time, part-time, and casual pool crew members to help ensure a safe and enjoyable experience for all swimmers. Ideal candidates will be vigilant, proactive, and ready to respond to any situation.

Applications close 22 December 2024.

Compliance Officer

We are seeking a Compliance Officer to join our dynamic Building Control team in Alexandra.

In this full-time role you will be responsible for advising, implementing and monitoring compliance with all regulatory requirements for the Building team in accordance with Council's policies, plans, bylaws and legislation.

Applications close 12 January 2025.

For more info and to apply for one of these roles see our Careers page: <https://www.codc.govt.nz/your-council/careers>

'Watch the Drops' this Summer

The Watch the Drops initiative is designed as a traffic light system to help each community understand the existing level of demand on the water network and where we need to be taking extra care to use water wisely.

By following these restrictions, we can ensure that our community has enough water to meet everyone's needs throughout the summer. Let's work together to conserve water and protect this precious resource.

Keep an eye on our website for updates over the holiday period.

Water Conservation Status - Check if your area is affected
From 16 December 2024

 think Use Water Wisely <ul style="list-style-type: none"> • Water demand is HIGH • Only water between 6pm and 8am • Only water when garden needs it • Avoid watering paths and driveways • Fix any leaks. 	 act Reduce Water Use <ul style="list-style-type: none"> • Water demand is EXCESSIVE and/or source water is LOW • Only water between 8pm and 8am for no more than 30 mins per spot • Reduce water use NOW to avoid further restrictions. 	 stop Water Restrictions Apply <ul style="list-style-type: none"> • The community is using more water than our plant can produce and/or more water than our source can supply • TOTAL sprinkler ban • Irrigation by hand-held hose only.

 - Storywalk – Monster Chef** by Nick Bland published by Scholastic Australia.

SAY HELLO TO YELLOW THIS HOLIDAY SEASON

'Tis the season to be jolly, and the season when we often produce high levels of waste. With Christmas fast approaching, it's a good reminder of what goes in your bins.

YELLOW BINS:		
Yellow kerbside mixed recycling bins only take:		
Clean and dry paper and cardboard	Empty aluminium drink cans, clean steel food cans	Rigid plastic grocery packaging
These plastics should have a 1, 2 or 5 on them and are the sorts of bottles, containers and trays you would find in the kitchen, bathroom and laundry.		

We are starting to see high levels of contamination in some yellow bins – that means non-recyclable items going in the bin (some examples pictured).

COMMON ERRORS IN YELLOW BINS

Shoes, broken plastic household items such as baby seats or garden hoses must go in the RED BIN . If any items are too large to fit in the red bin they must be taken to a transfer station.	Oversized items (remember items more than 3L in size are not accepted and need to go in RED BIN - or taken to transfer station if too large to fit in RED BIN)	Hazardous chemicals (garden spray containers cannot be recycled – please rinse three times and place in RED BIN or take to transfer station)
All soft plastic needs to be DROPPED OFF AT A STORE that offers a soft plastic recycling service	Food scraps (GREEN BIN only)	General rubbish, dust and dirt, and nappies are not acceptable (these must go in the RED BIN)
