NOTICEBOARD | CENTRAL OTAGO DISTRICT COUNCIL

11 July 2024

Rabbit Control July – August

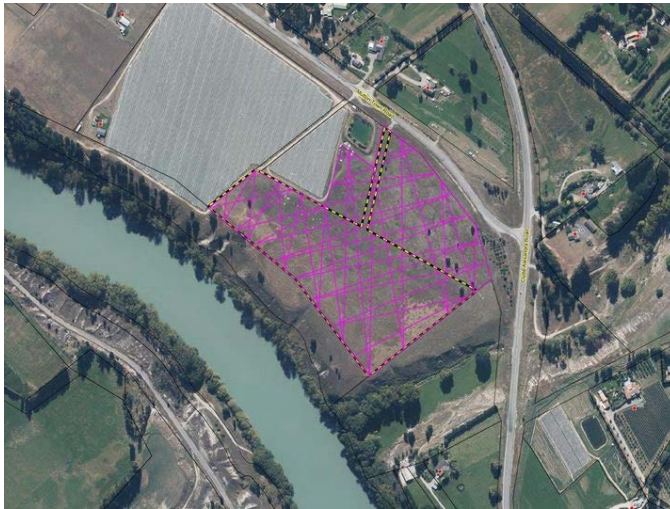

Weather permitting, in addition to the areas previously advertised (Cromwell Cemetery, Clyde Cemetery and Half Mile Recreation Reserve), we are also carrying out rabbit control on a block at Mutton Town Road in the same period i.e. third week of July, on the corner block on the Clyde – Alexandra Road and Mutton Town Road (see below).

Council, under the Otago Regional Council Pest Plan like all landowners, is required to keep rabbits under control on its land. These particular areas have seen an increase in rabbit activity with graves in the cemeteries being used for burrows.

With the commencement of native plantings on the Half Mile reserve by the Haehaeta Trust, keeping the increasing rabbit numbers down in this area will give the new plantings the best chance to flourish.

Signage will be erected to advise of the operation and the public are urged not to take their dogs to any of these areas while the operation is underway,

Where possible rabbit carcasses will be regularly collected.

Clyde Heritage Precinct

For news and latest updates on this project go to: Clyde Heritage Precinct Works - Central Otago District Council ([codc.govt.nz](https://www.codc.govt.nz)).

Sunderland Street work continues. The footpath build outs, kerbing and drainage are progressing on both sides. The new rider main water pipe has been installed, and the large (300mm) main water pipe will be going into the ground next. Expected timelines remain unchanged; i.e. from September the worksite will return to one lane with traffic lights, and from December all cordons will be removed.
