Good evening

My apologies but due to other commitments I have only now had the opportunity to prepare evidence in support of the submission made by John & Mary Fletcher (Sub No. #98) with regards to Plan Change 19.

It would be appreciated if you can please pass the evidence on to the Hearings Panel and hopefully obtain their agreement that the evidence can be accepted.

The evidence is brief and I note that no party made a further submission in support or opposition to the submission such that no party would be disadvantaged. In addition, the hearing schedule has this submission being heard near the end of the first round of hearings such that a period of time remains available for relevant parts to consider the evidence.

Thank you for your consideration of this matter and again my apologies for the delay in getting this evidence to you.

If you have any queries or require further information please feel free to get in contact.

Kind regards
Stewart Fletcher
