Good morning

Please see **attached** evidence on behalf of submitter 19/147, Mr Steve Davies.

While the close off date for evidence filing was yesterday, as communicated by the District Plan administrator via email yesterday morning, I need to point out that Minute 1 does not clearly stipulate the requirement for all evidence to be filed 10 days prior to the first hearing – speaking with a number of consultants, the Minute suggests that evidence need only be filed, 10 days prior to the hearing in which the individual is scheduled to speak. I subsequently spoke with the District Plan administrator yesterday and it was clear that the communication will be looked at as a number of submitters have misinterpreted these instructions. As such, we respectfully request that this evidence is accepted, and we seek confirmation of our attendance to the hearing, scheduled on 11 May 2023.

We appreciate your consideration.

Regards

**Jake Woodward**  
Resource Management Planner
