

G.B.B. Plan Change 13

I'd like to object, my objection is: Many things aren't put to the public - all behind closed doors!
I am against the proposed subdivision on the outskirts of Cromwell: Sandflat Rd - Ptown Highway by the very popular Highlands Motor Park and Speedway.

Can you see the residents not complaining about the noise from the Motor Park? Come on what about the spray that's used on the Orcharde that isn't ideal for peoples Health and the bird shot they will moan about that as well.

Ok they have put up a fence & planted trees but that doesn't seem right if they haven't got consent etc.

People come to Cromwell for the scenery the Poplars - fruit trees and our Rustic Scenery Orcharde and Wineries are a great source of income, I know we need progress but things are getting out of hand - what about the subdivision along by the cemetery it's also opposite the Highlands.

Listen to the little folk we make this town tick. If the schools need enlarging here Ok! but why have another one.

Our shopping area is in need of a make over which I feel you are looking at we don't need another Village on the outskirts of our town utilize what we have.

And Queenstown is only thru the Gorge!!

I've been here 20 yrs so feel I can voice my opinion!

Elaine Rae.
