It is my opinion that this proposed theoree to allow extensive residential development is mappropriate. Given the proximity of the Central Speedway and the High lands motorsport Park it can be expected that there will be throughout New Zealand. Instoric precident

I have been involved in various aspects of motorsport for ove 50 years and there have been using between motorsport activities and residential development in such borations as Say Purk Tawarga Levels Raceway Timari and just recently Western Sprongs Speedway in Amkland.

I was involved in the initial clean up of the area when Highlands was first being developed and it was just a rabbail infested barren wastelend. It has now been developed into one of the best motorspot facilities in the world. Over the last five years the facility has attracted many wealthy individuals to the area who have then invested in property, vinegards, orehards and businesses. Crownell has become the industrial hub for the whole Central Otogo / Wakatypin basin basin

this site was used for industrial adevelopment, where all the parties could live in harmony. The suggestion in the monard that

there would also be included a retirement village, school and associated faulties creates even more issues with the neighbourness motorsport faulties. I would request that the Council reject this proposed plan change in its entirety. Graeme Dear
