Appendix A

	Submission	Particular Parts	Reasons	Whole/Part
117/1	1 Oppose	All	Submitter has not undertaken a full traffic analysis and understood the impact on Ripponvale Road nor the intersections to State Highway 6	Reject whole submission
117/2 117/4	4, 7, 8 Oppose	All	PC14 conflicts with the Cromwell Master Plan, particularly the Spatial Framework. Does not complement the Masterplan, will compromise its integrity and scope	Reject whole submission
117/5 - 117/8	2, 6, 39, 40 Oppose	All	No reasoning proposed for supportive submission.	Reject whole submission
117/9	9 Oppose	All	This is exactly a subdivision of prime rural land and goes in the face of Submission 9	Reject Whole Submission
117/10 - 17/15	10, 11, 15, 16, 17, 25 Oppose	All	Subdivision of land from rural to housing may have a short term benefit in terms of employment to build houses and infrastructure but long term will result in less employment due to removal of rural land from productive status. Short term view.	Reject whole submission
117/16	12 Oppose	All	Lifestyle properties not needed in Cromwell – already too many in play and this will add to the loss of rural productive land.	Reject whole submission
117/17	19 Support	All	Submitter correctly identifies conflict of PC14 with the Master Plan	Support whole submission
117/18 - 117/22	21, 22, 28, 36, 45 Support	All	Reverse sensitivity issues correctly identified (frost fans, spray drift, bird scarers)	Support whole submission
117/23	23 Oppose	All	Cromwell currently has already got a range of residential developments. Cherry farm future expansion potential in the future will actually contract with the residential subdivision on land highly suitable for the production of cherries	Reject whole submission
117/24	29 Support	All	Loss of rural character, particularly in the highly visible part of the ridge above the sloping land. Identifies reverse sensitivity issues.	Support whole submission
117/25	30 Oppose	All	Masterplan provides for future growth, does not need PC14. Reverse sensitivity cannot be fully managed with setbacks and amenity plantings	Reject whole submission
117/26	38 Support	All	High value of fruit grown in the region will be compromised if the subdivision is allowed, compromising economic returns for the CODC region. PC14 will compromise food security by with drawing productive land from the supply of suitable land in the CODC and in NZ. Fragmentation of urban	Support whole submission

		developments – the successful application of PC14 will set a precedent for additional developments outside the spatial boundary proposed in the master plan. Reverse sensitivity issues correctly identified. Loss of productive land and the change signalled by the NPS-HPL should mean that this land is protected for rural uses. PC14 will result in loss of Rural Character	
60 Support	All	Reverse sensitivity issues correctly identified (as per PC13), Visual amenity will be compromised, Conflicts with Cromwell Masterplan, compromises SAL area	Support Whole Submission
64 Support	All	Correctly identifies that PC14 pre-empts the district planning process, compromises Master Plan, correctly identifies that there is plenty of RRA land suitable for lifestyle development and PC14 is not needed in this regard, no LUC classification has been undertaken on the soils subject to PC14, full impact of PC14 on public infrastructure (waste, water etc) has not been calculated and may act as a tipping point which may not be fully funded, Light emission particularly on a hill slope above the valley floor has not be considered,	Support whole submission
65	All	Significant impact on traffic, roading and intersections, PC14 compromises spatial framework and transport infrastructure in and around Cromwell, precedent effect of PC14	Support whole submission
66	All	Air quality impacts due to spray drift correctly identified, impact on drinking water (lack of infrastructure)	Support whole submission

Clause 8 of Schedule 1, Resource Management Act 1991

To: Central Otago District Council
PO Box 122
ALEXANDRA 9340

Name of person making further submission: ..Carl Michael McNulty.....
(Full name)

This is a further submission in support of (or in opposition to) a submission on proposed Plan Change 14 to the Central Otago District Plan.

I am:

1. A person representing a relevant aspect of the public interest, the grounds for saying this being:

I have already lodged a submission in relation to PC14 and having read other submissions I want to add further points for consideration, based on my knowledge of, and participation in, the local property market.

2. A person who has an interest in the proposal that is greater than the interest the general public has, the grounds for saying this being:

(Please state whether you are a person who may make a submission under 1 and/or 2 above and also specify/explain the grounds for saying that you come within category 1 and/or 2)

3. The local authority for the relevant area.

I support (or oppose) the submission of:

..Support: Basil John Lister, 15 Bell Avenue Cromwell, Submission #49..... on Plan Change 14.
(Please state the name and address of original submitter and submission number and submission point number of original submission)

The particular parts of the submission I support (or oppose) are:

145/1

..This is a logical and desirable location for such a development, the range of densities proposed is appropriate and well..... considered in terms of giving future owners various options and price points, plus allows efficient use of land and suitable mitigation of any visual impact. I also support the provision of public access to recreation tracks on the hill.....
(Please clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposal and continue on an additional page if necessary)

The reasons for my support (or opposition) are:

In addition the developer is proposing to lower the ONL boundary to protect more sensitive landscape than is the present case. There are clear economic benefits to Cromwell from expansion of the cherry orchard by this well-established operator. There is a definite demand for product in the lifestyle block market which Shannon Farm can satisfy, giving buyers additional choice..... and in turn freeing up land within central Cromwell for more intensive affordable housing as owners of such sites relocate to areas like Shannon Farm. .. The establishment of lifestyle blocks close to Cromwell township is also much more desirable than having.....
(Please give reasons and continue on an additional page if necessary)
larger (e.g. 8Ha) sites developed in far more remote areas such as Queensberry with vastly higher costs associated with roading, servicing and commuting for owners. A development of this scale is far better than having numerous adhoc infill lifestyle blocks to satisfy demand that lacks the capacity, resources and means of creating a considered 'master plan' for their natural environment.

**I seek that the whole or part [describe part], of the submission be allowed (or disallowed):**

I seek that the whole part of the Lister submission be allowed.....

(Please give precise details)

Fire and Emergency New Zealand Submission 24 <b>155/1</b> 121	24/4	a) The provision of adequate firefighting water supply and firefighting access is critical. It is important to FENZ that any new dwelling or land use that does not have access to a reticulated water supply has access to an adequate firefighting water supply of some kind. This essential emergency supply will achieve the purpose of the RMA.	PHS supports the need for FENZ to have access to a firefighting water supply. PHS recommends the reticulation of drinking water and wastewater, which would also provide access to a firefighting supply.	Incorporate relative provisions into the plan; acknowledge the need for access to a firefighting supply through a reticulated source.
Horticulture New Zealand Submission 38 <b>155/2</b>  <b>155/3</b>	38/17  38/19	a) Horticulture means loud noises (frost fans, bird scarers, motor bikes etc) and sometimes chemical sprays. Reverse sensitivity issues arise when urban dwellers expect a different level of amenity to what they experience when living on the urban-rural interface. This is a result of both inappropriate development and the interface not being managed appropriately. b) HortNZ are of the view that appropriate reverse sensitivity mitigation should be provided within the urban land being developed, and not within productive rural land.	PHS supports the acknowledgement of access to environments that have safe air quality. Reverse sensitivity can cause unwanted exposure to chemicals and pesticides, which can result in adverse health effects. <sup>1</sup>  PHS supports the acknowledgment of reverse sensitivity of noise. Although noise has not been recognised in our original submission we support HortNZ comments and recognise noise	Incorporate relative provisions into the plan; acknowledge the potential reverse sensitivity effects that may arise from legitimate horticultural activities.

NZ Transport Agency Submission 65 <b>155/4</b>	65/8	a) The Proposed Plan Change would generate residential activities, which would increase traffic volumes entering/exiting SH6 and would require the appropriate safe systems upgrades to intersections with SH6 (Ripponvale Road and Orchard Road). There is potential for pedestrians and cyclists wanting to cross SH6 to the Cromwell Township. Therefore consideration of the provision of safe and efficient pedestrian/cycle access across SH6 to	PHS supports safe active and public transport, and community connectedness. FORM 6

FURTHER SUBMISSION IN SUPPORT OF, OR IN OPPOSITION TO, SUBMISSION ON PUBLICLY NOTIFIED PROPOSED PLAN CHANGE TO CENTRAL OTAGO DISTRICT PLAN

Clause 8 of Schedule 1, Resource Management Act 1991

To: Central Otago District Council PO Box 122 ALEXANDRA 9340

Name of person making further submission: ...Kate.Wardle... (Full name)

This is a further submission in support of (or in opposition to) a submission on proposed Plan Change 14 to the Central Otago District Plan.

I am:

1. A person representing a relevant aspect of the public interest, the grounds for saying this being:

I am an orchardist near Alexandra, and am concerned about the on-going loss of versatile soils that have horticultural potential in Central Otago.

2. A person who has an interest in the proposal that is greater than the interest the general public has, the grounds for saying this being:

(Please state whether you are a person who may make a submission under 1 and/or 2 above and also specify/explain the grounds for saying that you come within category 1 and/or 2)

3. The local authority for the relevant area. CODC

I support (or oppose) the submission of:

38 Horticulture New Zealand rachel.mcclung@hortnz.co.nz 38/1 to 38/41 on Plan Change 14.

(Please state the name and address of original submitter and submission number and submission point number of original submission)

The particular parts of the submission I support (or oppose) are:

170/1

(Please clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposal and continue on an additional page if necessary)

The reasons for my support (or opposition) are:

Far too much productive land has already been lost to urban and rural residential developments, both within Central Otago, and nationally. We need to safe guard our ability to grow horticultural products, especially with the need for people to eat more plant based foods from a zero carbon and health viewpoint. This submission outlines my concerns.

(Please give reasons and continue on an additional page if necessary)

I seek that the whole ~~or part [describe part]~~ of the submission be allowed ~~(or disallowed)~~:

..... The submission of Horticulture NZ should be allowed in full. ....

.....  
(Please give precise details)

FORM 6

171.1

FURTHER SUBMISSION IN SUPPORT OF, OR IN OPPOSITION TO, SUBMISSION ON PUBLICLY NOTIFIED PROPOSED PLAN CHANGE TO CENTRAL OTAGO DISTRICT PLAN

Clause 8 of Schedule 1, Resource Management Act 1997

To: Central Otago District Council PO Box 122 ALEXANDRA 9340

Name of person making further submission: ...Kate & Rob Wardle (Full name)

This is a further submission in support of (or in opposition to) a submission on proposed Plan Change 14 to the Central Otago District Plan.

I am:

1. A person representing a relevant aspect of the public interest, the grounds for saying this being:

.....; or,

2. A person who has an interest in the proposal that is greater than the interest the general public has, the grounds for saying this being:

We are local outdoor recreation enthusiasts, and if this Plan Change was to go ahead, would support an area open for all public to recreate on for a range of recreational activities including mountain biking.....; or,

(Please state whether you are a person who may make a submission under 1 and/or 2 above and also specify/explain the grounds for saying that you come within category 1 and/or 2)

3. The local authority for the relevant area. CODC

I support (or oppose) the submission of:

13 Cromwell Mountain Biking Club cromtbclub@gmail.com on Plan Change 14.

(Please state the name and address of original submitter and submission number and submission point number of original submission)

The particular parts of the submission I support (or oppose) are:

171.1/1

We oppose Plan Change 14 on the grounds of loss of versatile horticultural soils due to residential lot size and reverse sensitivity issues which will bring conflict between horticulturalists and new residential folk. However, if Plan Change 14 was accepted, then we support the creation of mountain biking trails accessible to the general public.....

(Please clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposal and continue on an additional page if necessary)

The reasons for my support (or opposition) are:

171.1/2

We do not support Plan Change 14. However, if it goes ahead, we think the creation of a public recreation area that includes mountain bike tracks (location of these should be subject to an ecological assessment so as to avoid the areas of e.g. native grey shrubland that include at risk plant species) - would be an asset to Cromwell residents as well as visitors. The public recreation area will also be an asset to walkers and horse riders in the local area. Getting more people active has great health benefits.

I seek that the ~~whole~~ or part [describe part], of the submission be allowed (~~or disallowed~~)

..... We do not support Plan Change 14. However, if it goes ahead, then we support the creation of a public recreation area with mountain bike trails created as outlined in this submission.

.....  
(Please give precise details)

I wish ~~to~~ (or do not wish) to be heard in support of my further submission.

(Please strike out as applicable)

If others make a similar submission, I will consider presenting a joint case with them at a hearing.

FURTHER SUBMISSION IN SUPPORT OF, OR IN OPPOSITION TO, SUBMISSION ON PUBLICLY NOTIFIED PROPOSED PLAN CHANGE TO CENTRAL OTAGO DISTRICT PLAN

Clause 8 of Schedule 1, Resource Management Act 1991

To: Central Otago District Council PO Box 122 ALEXANDRA 9340

Name of person making further submission: ...Kate.&.Rob.Wardle..... (Full name)

This is a further submission in support of (or in opposition to) a submission on proposed Plan Change 14 to the Central Otago District Plan.

I am:

1. A person representing a relevant aspect of the public interest, the grounds for saying this being:

We live in Central Otago and are concerned about the lack of consideration by Council for enabling residents to use, or alternative forms of transport - walking, biking, public transport- as an imperative to reducing carbon use in the face of climate change

A person who has an interest in the proposal that is greater than the interest the general public has, the grounds for saying this being:

.....; or, (Please state whether you are a person who may make a submission under 1 and/or 2 above and also specify/explain the grounds for saying that you come within category 1 and/or 2)

3. The local authority for the relevant area. CODC

I support (or oppose) the submission of:

65. NZ Transport Agency Julie.McMinn@nzta.govt.nz on Plan Change 14. (Please state the name and address of original submitter and submission number and submission point number of original submission)

The particular parts of the submission I support (or oppose) are:

In full (Please clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposal and continue on an additional page if necessary)

The reasons for my support (or opposition) are:

This Plan Change would effectively create a suburban hub within an existing horticultural area with no provision to facilitate walking, biking or taking public transport to Cromwell. Having to cross a fast and busy SH6 to get to Cromwell schools and shops will put off most people. New residential developments must have sustainable low carbon transport at the forefront of their planning. This submission explains the issues (Please give reasons and continue on an additional page if necessary)
