Notes to submitter

1. If you are making a submission to the Environmental Protection Authority, you should use [form 16B](#).

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

2. You must serve a copy of your submission on the applicant as soon as is reasonably practicable after you have served your submission on the consent authority.
3. If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in [Part 11A](#) of the Resource Management Act 1991.
4. If you make a request under [section 100A](#) of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you will be liable to meet the additional costs of the hearings commissioner or commissioners, compared to our hearing panel. Typically these costs range from \$3,000 - \$10,000.
5. Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least 1 of the following applies to the submission (or part of the submission):
 - it is frivolous or vexatious:
 - it discloses no reasonable or relevant case:
 - it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
 - it contains offensive language:

It is supported only by material that purports to be independent expert evidence, but has been prepared by a

person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

In lodging this submission, your submission, including contact details, become public information and will be available for anyone to view.

I would consider presenting a joint case if others make a similar submission	No

Details of submission

The specific parts of the application that my submission relates to are:	Glint and glare Fire risk and also from the gases should a fire occur Change to out beautiful natural environment
The submission - include:	Planting to a height sufficient to reduce glint and glare will take many years as those who live in the area will know. The plantings will need a continuous water supply. Is that going to happen?
<ul style="list-style-type: none">whether you support or oppose the specific parts of the application or wish to have them amended; andthe reasons for your views.	Long grass will grow around the solar panels where the sheep will not eat it. The risk of a fire from either the panels or battery systems is there given the scale of this project. As people know who live here we can have a lot of wind and it would not take much to blow embers/ sparks into the nearby forest,/ vegetation. I am also concerned about the gases emitted if a fire should occur. We have hundreds in tents over Xmas, people on bikes in the forest and on trails and people out walking. How will they be protected? This project is so large it will impact hugely of our beautiful environment. Why not build it where the electricity is needed please

Please upload any documents / photos that are relevant

I seek the following decision from the consent authority.

Give precise details, including the general nature of any How will they optimize planting to mitigate glint and

conditions sought

glare and more importantly how will they prevent fire from occurring either in the grass or from the batteries

Select below - Pursuant to [section 100A](#) of the Act, that you delegate your functions, powers, and duties to hear and decide the application to 1 or more hearings commissioners who are not members of the local authority. "See note 4 (second tab) as you may incur costs relating to this request." I do not request
