Details of submission

The specific parts of the application that my submission relates to are: The construction and operation of a solar farm

The submission - include:

- whether you support or oppose the specific parts of the application or wish to have them amended; and
- the reasons for your views.

I oppose the the entire application. Some of the information seem fabricated.

Please upload any documents / photos that are relevant

I seek the following decision from the consent authority.

Give precise details, including the general nature of any conditions sought

The farm would be an eyesore on our landscape due to it's size. Maniototo is very dry and if the batteries cause a fire it would stretch our volunteer fire services. Where would all the workers be housed?
Construction and traffic noise will be a substantial issue. If the storage of power is for the North Island then build it up there, leave our iconic landscape alone.

Select below - Pursuant to [section 100A](#) of the Act, that you delegate your functions, powers, and duties to hear and decide the application to 1 or more hearings commissioners who are not members of the local authority. "See note 4 (second tab) as you may incur costs relating to this request."

I do not request
