Details of submission

The specific parts of the application that my submission relates to are: Absolutely oppose this consent application.
Building such a structure in an already restricted fire danger area
Unnecessary & possibly unacceptable noise levels.
Glare, reflection & possibly of sun strike from such a huge amount of solar panels.
Our beautiful landscape will be scarred forever.
The mess that's left after the farm has met its life span, who cleans that & the land will never look the same.
More than a possibility of home devaluing in our area.
Division of a close community

The submission - include:

- whether you support or oppose the specific parts of the application or wish to have them amended; and
- the reasons for your views.

I vehemently oppose the whole process of consent for a Solar Farm in the Maniototo area.
I don't wish for any amendments as nothing will change my view on the unnecessary destruction of the landscape of the Maniototo Basin.

Please upload any documents / photos that are relevant

I seek the following decision from the consent authority.

Give precise details, including the general nature of any conditions sought I am strongly against this consent being granted.

It will forever change the pristine landscape of the Maniototo for the foreseeable future

Select below - Pursuant to [section 100A](#) of the Act, that I do not request you delegate your functions, powers, and duties to hear and decide the application to 1 or more hearings commissioners who are not members of the local authority. "See note 4 (second tab) as you may incur costs relating to this request."

Any other comments?

I am 5th generation & my family now 6th & 7th generations. I chose to live work & bring up my family in this beautiful place & it should not be a consideration to ruin that for everyone.
