Kia ora Peter,

I don't believe the water test mentioned below has made its way to me yet. In your email from the 20th of March, you also indicated you were commissioning a landscape assessment. I don't think I've received that, either.

Hey Peter

The water we are using now is the Dunstan scheme.
Talk to Stuart we had a big discussion about in couple weeks back.
So that test is from someone just down the road on the same scheme. So same water
Cheers
Bob

Good Morning Bob

In regard to the attached water test. Can you confirm the water sample came from the bore on the Williams property. The Client Reference on the Test is for Alley.

Yours
