## NOTICEBOARD | CENTRAL OTAGO DISTRICT COUNCIL

30 May 2024

### Cromwell Rising Main pipe works begin 4 June 2024

The next stage of the \$6.4 million upgrade to Cromwell township's water supply will get underway in early June, with the installation of a 630mm diameter water pipe between the bore field on Lake Dunstan near Alpha Street and the new water treatment plant at Cromwell.

The work will take place between 4 June and 12 July, along State Highway 8b (SH8b) towards the Murray Terrace carpark, starting at the roundabout with State Highway 6 (SH6).

Traffic management will be in place during the pipe installation. The east-bound lane on SH8b will be closed. During this time, traffic to Cromwell town from SH6 will be detoured along **Shortcut Road**. People are asked to take care and follow the signage. HEB Construction Ltd is carrying out the work.

The project is expected to be completed by Spring 2024.

### Temporary Lane Closure – Sunderland Street, Clyde

Part of Sunderland Street in Clyde will be closed between the Naylor Street intersection to Lodge Lane from Tuesday 4 June 2024 to Friday 21 June 2024 for water toby connections and Aurora duct works.

The pedestrian footpath will remain open on the Southern side (Lord Clyde side).

RED = Road Closed

### Winter road closures

Each winter Central Otago District Council closes several high-country roads from the Tuesday following King's Birthday weekend (4 June 2024).

This prevents damage that would occur to these roads if they were used by vehicles during the winter months.

The following roads are legally closed under Section 342 (1)(b) of the Local Government Act 1974 and Clause 13 of the Tenth Schedule, which allow Council to temporarily close and prohibit ordinary vehicular traffic.

### Trees to be removed from Cromwell Greenway in June

Central Otago District Council contractors will be removing a number of over-mature Pinus radiata trees from the Cromwell Greenway to the south of the Gair Ave - Jollys Road intersection from Tuesday 4 June.

The Council has received a number of requests from adjacent neighbours asking for the trees to be removed because they have become too big for the area they are in.

This section of greenway will be cordoned off while tree felling work is undertaken and is expected to take about a week to 10 days to complete the works.

The logs will be disposed of for firewood and chip from the slash used to mulch the Council's garden areas in Cromwell.

Replacement trees of a more suitable species will be replanted.
