

Grants Policy

Department:	Strategy and Policy
Document ID:	568558
Approved by:	Council Resolution 22.1.5
Effective date:	January 2022
Next review:	January 2024

Purpose:

Central Otago District Council contributes to the social, economic, environmental, and cultural wellbeing of the local community through the contestable grants process.

Principles and objectives:

The **objectives** of the contestable grants process are:

- Enhance well-being in the district (social, economic, environmental, and cultural)
- Empower local communities
- Facilitate the delivery of community outcomes
- Promote our Regional Identity: Central Otago A World of Difference

The contestable grants process is aligned with the following Community Outcomes:

The policy recognises the following core **principles**:

Transparency Council commits to transparency in all respects and at all stages of the process.

Fairness and equal opportunity Council values all of Central Otago's diverse communities. All applicants will be treated equally and fairly in all aspects of the process.

Partnership Council recognises the critical contribution that the community and voluntary sector makes in building a more liveable district.

Effectiveness Council is committed to ensuring ratepayer funds are used for genuine community benefit.

Accessibility Council will make all reasonable efforts to ensure that the public is well informed on funding opportunities available and that all information about grants is easily accessible.

Council will provide clear guidance on what is required from those applying for funding and will take all reasonable steps to provide assistance to those completing applications.

Efficiency

Council will handle the applications without placing undue burden on applicants.

Scope:

The policy applies to ratepayer funded grants operated by Council. It does not apply to external grants administered by Council.

Definitions:

Grant

A grant is a fund given by Council to a group or individual for a specific purpose with a wider public or community benefit. Grants do not need to be paid back.

Well-beings

The use of 'well-being' in this policy is consistent with the usage in the Local Government (Community Well-being) Amendment Act 2019 and the Local Government Act 2002.

Policy:

Contestable grant process

All Council and Community Board grants will be awarded through a contestable process to enable decision makers to compare funding proposals and allocate grants as fairly as possible.

Applications are invited during scheduled funding rounds, with publicly advertised opening and closing dates.

Every eligible organisation and individual has an equal opportunity to be considered for a grant.

Final allocation decisions are made in a public forum.

Funding rounds

Funding rounds will occur twice per year and opening and closing dates for the applications will be publicly notified.

Applications outside the funding cycle will only be considered in exceptional circumstances.

General criteria

Applications will be assessed against criteria applied equally and fairly to all applications within each funding round.

Assessment criteria is publicly accessible and published on our website. Assessment criteria may change between funding rounds. Community Boards or Council may add additional criteria or areas of priority to a specific funding round.

Organisations and individuals must have appropriate health and safety practises, planning and governance, and demonstrate readiness for the receipt of funding and its appropriate use.

Financial requirements

Applicants must:

- have appropriate financial management, planning and governance, and demonstrate readiness for the receipt of funding and its appropriate use
- have a positive track record of using Council funding and are up to date with required reporting (if previously funded).

It is preferred that applicants:

- have a potential to become self-sustaining and are able to demonstrate a plan to deliver on this

Excluded activities

The following projects and activities will not be funded:

- where the primary purpose is to promote religious or political activity
- where the project is part of the core business of another public organisation or service provider
- debt servicing or repayment
- legal expenses
- medical expenses
- physical works that have not received the required consents or permits
- purchase of alcohol.

Retrospective expenses

Where the project or activity has already taken place, funding will not be awarded retrospectively, except in exceptional circumstances.

Allocation of funding

The funding pool available for grants will be set by Council in collaboration with Community Boards every three years through the Long-term Plan process. No individual grant applications will be accepted during the Long-term Plan consultation process. The funding available for each different grant type will be advertised when applications are publicly called for.

All grants will need to be spent within one year of being awarded, unless an extension has been granted. Where funds remain unspent following project completion, these must be returned to Council. If the project does not proceed, funding must be returned to Council.

Where a group generates a profit and seeks to return the investment into the community, it is preferred that excess funding is returned to Council for redistribution to the community through the contestable process.

Annual grants

Council and Community Boards have the discretion to allocate funding on a recurring basis for up to three financial years within a current long-term plan. If a grant is to be awarded for the maximum term of three financial years, this must be done during year one of the relevant long-term plan.

Recipients of grants awarded for multiple years are not required to re-apply each year. Recipients must report on the progress and the outcomes delivered from the grant money already received. Satisfactory progress must be demonstrated before funds will be released for the following year.

Awarding of partial grants

In the event a grant is awarded for less than what was requested, Council and Community Board members may stipulate what part of the project or activity the grant is to be used for. Recipients cannot use the funding for any purpose other than that is stipulated.

Accountability requirements and proportionality

All recipients are required to complete and submit a monitoring and evaluation form. Failure to submit this form will impact on the ability of the recipient to receive future funding from the Council.

A tiered approach to accountability and application requirements will be taken. The processes and documentation that applicants are asked to complete will be proportionate to the size of the grant, with higher dollar value grants having greater accountability requirements.
